

REMARKS

Replacement drawings listed as Figures 1 - 8 were submitted to the U.S. Patent Office in response to a Notice to File Corrected Application Papers mailed on March 5, 2004. The replacement drawings were submitted as replacements for Figures 1 - 4, 6 - 8, and 10 of the original informal drawings. Replacement drawings were not submitted for informal drawings numbered as Figures 5, 9, and 11 - 13, as the information presented in those drawings was adequately represented in the remaining informal drawings and their replacement counterparts. As a result, the specification of the present application has been amended in the present amendment to reflect the new figure set. As a result, no new figures are being submitted in response to the presently outstanding Notice of Incomplete Reply (Nonprovisional).

Respectfully submitted,
